EDUCATION

Monash University — **Melbourne, Victoria**
Master of Economics — Expected November 2027

- **WAM:** 92.5% (**GPA:** 4.0/4.0)
- **Relevant Coursework:** Economics of Financial Decision Making, Clean Energy Transition, Econometrics

Victoria University — **Melbourne, Victoria**
Computable General Equilibrium Modelling — July 2026

- Awarded a full-fee scholarship worth $3,950
- Hands-on introduction to the ORANI-G model with a strong focus on practical policy applications
- Lectures delivered by CoPS Researchers, creators of the GEMPACK software

Hansraj College, Delhi University — **Delhi, India**
B.A. (Hons.) Economics — April 2021 – April 2024

- Graduated with High Distinction
- Hansraj is ranked 3rd among colleges in India by the National Institutional Ranking Framework

Selected Academic Research

Short Term Market Design of Wholesale Electricity Markets [RPubs Deck] — **Melbourne, Victoria**
Research Presentation, Monash University

- Synthesized research by Dr. Leslie, Dr. Billimoria, and Dr. McRae on electricity market design, power system operating constraints, and clean energy transition policies across Australia and New Zealand.
- Designed and published an interactive R Markdown presentation analyzing wholesale electricity market mechanics and grid integration constraints.

Behavioral Determinants of Consumption & Positional Externalities [Essay] — **Melbourne, Victoria**
Research Essay, Monash University

- Synthesized empirical literature (Kuhn et al., De Giorgi et al., Bertrand & Morse) on peer effects and consumption, evaluating causal identification strategies including instrumental variables and network designs to address Manski's reflection problem.
- Evaluated welfare implications and Pigouvian policy responses to positional spending cascades.

Education, Cognitive Ability, and Risky Asset Market Participation [Essay] — **Melbourne, Victoria**
Research Essay, Monash University

- Analyzed the causal impact of schooling and quantitative literacy on household stock market participation and risk preferences, evaluating quasi-experimental IV designs and potential external validity constraints across welfare states.

WORK & LEADERSHIP EXPERIENCE

Scotch College — **Melbourne, Victoria**
Debating Coach, Grade X — April 2026 – Current

- Coached 11 students across speech delivery, content formulation, and overall persuasiveness; students participated in 2 DAV rounds
- Translated complex sociopolitical topics into digestible frameworks under tight time constraints

D.E. Shaw **Hyderabad, India**
Associate, D.E. Shaw Research June 2024 – March 2025

- Identified and cleaned 25+ datasets for the development and application of an in-house Large Language Model
- Aided in global talent sourcing to recruit top-tier candidates across Machine Learning, Data Engineering and NLP verticals

Achievements and Recognitions

- Unit Prize, Empirical Strategies for Policy Evaluation (ECX5479), Monash University, 2026
- Unit Prize, Mathematical Economics (ECC2551), Monash University, 2026
- Unit Prize, Clean Energy Transition (ECF5360), Monash University, 2026
- National Finalist (50/11,000) for the EY Scholarship
- 2nd Best Speaker, Uhuru World Championship, among 250 teams from 42 countries in attendance
- Top 20 Judges in Asia, United Asian Debating Championships (Asia's largest debate tournament)
- Best Speaker and Finalist, NALSAR (India's premier debate tournament)

SKILLS, ACTIVITIES & INTERESTS

Languages: Fluent in English (IELTS 8.5)
Technical Skills: GEMPACK, Python, R, Stata, MATLAB, Excel
Activities: Member, Monash Debating Society (2026) and President, Hansraj Debating Society (2024)
Interests: Science Fiction, Chess, Catan, and Game Theory
